Cures Sick Headache

THE CLEVELAND Shortland COLLEGE.

ALFRED DAY, Principal.
Only college in Northern Ohio devoted exclusively to Shortland and Typewriting. Circulars mailed.

Do you know?

That more ill result from an Unhealthy Liver than any other cause—Indigestion, Constipation, Headache, Bilioussness, and Malaria usually attend it. Dr. Sanford's Liver Invigorator is a vegetable specific for Liver Disorders and their accompanying evils. It cures thousands who not be one of them? Take Dr. Sanford's Liver Invigorator. Your Druggist will supply you.

CARTER'S LITTLE LIVER PILLS.

CURE SICK HEADACHE.

Headache, yet Carter's Little Liver Pills are equally valuable in constipation, curing and preventing this annoying complaint, while they also gently but surely cleanse the bowels, stimulate the liver and regulate the bowels. Even if they also cure indigestion, or any other ailment.

THE CHRISTIAN SUNDAY.

"Sunday Rest" is the theme of Cardinal Gibbons' annual address to the Congress of Sabbath observers in Chicago. The following is an extract from the paper, now in the hands of the committee, giving the Catholic view of the Christian Sunday, or Lord's Day.

"The Christian Sunday is not to be confounded with the Jewish or even the Puritan Sabbath. It prescribes the golden mean between rigid sabbatarianism on the one hand and lax indulgence on the other. There is little doubt that the revolution in public sentiment from a rigorous to a loose observance of the Lord's day can be ascribed to the sincere but misguided zeal of the Puritans, who confounded the Christian Sunday with the Jewish Sabbath and imposed restraints on the people which were repulsive to Christian freedom, and which were not warranted by the gospel dispensation.

"The Lord's day to a Catholic heart is always a day of joy. The church desires us that day to be cheerful without dissipation, grave and cheerful without sadness and melancholy. She forbids, indeed, all unnecessary servile work on that day; but as 'the Sabbath was made for man, not man for the Sabbath,' she allows such work when charity or necessity demand it. And as it is a day consecrated not only to religion, but also to relaxation of mind and body, she permits us to spend a portion of it in innocent recreation. In a word, the true conception of the Lord's day is expressed in the words of the Psalmist: 'That is the day which the Lord hath made: let us be glad and rejoice therein.'

CARDINAL GIBBONS' VIEWS.

In an authorized interview Cardinal Gibbons, before the opening of the World's Fair every Sunday at noon and sets forth his reasons in the following: "I favored opening it Sunday afternoons, for many good reasons, which to Catholics are very strong and well founded. In the first place we must not go as far as the upholders of the puritan Sunday, much as I condemn the lax observance of the day in European countries. We believe the Lord's day to be not only a day of rest and religious observance but a day on which religious duties required of them Sunday morning, Catholic people are free then to spend the day in such recreation as becomes the Sunday.

"Moreover, in view of the fact that many thousands of visitors to the fair must be of the class who pay no respect to the religious character of the Sunday, it seems a matter of common prudence to provide them with a means of spending the day innocently, instead of leaving them to their own inclinations and the numerous temptations certain to be placed in their way. Then again, it is a real hardship to deprive so many thousands of honest working people of their only opportunity to see the fair. These and other reasons lead me to believe that the fair should be open Sunday afternoon and that more will result from the Sunday closing than from the opening.

A HIGHLY EXAGGERATED STATEMENT.

From the Cleveland Press.

Brother Tom Johnson's favorite for the Democratic nomination for governor, John Lutz, of Columbus, is the young man who is supposed to have been President Cleveland at the Thurman birthday banquet. Grover was only a guest but Lutz, who was engineering the banquet, neglected Thurman and daubed the molasses on Grover until the latter's face was as black as ebony. Lutz appeared on it before Lutz got through his speech.

THE CLEVELAND LEADER SEES ITS folly

in attempting to throw distrust upon the administration of Grover Cleveland by laying the results of Republican legislation at his door, and has the following pertinent remarks on the trend of affairs which cannot be too highly commended:

"It is to be hoped, therefore, that the savings of banks of cities which have so far escaped senseless panics among depositors will not be subjected to the ravages of this kind. The situation is undoubtedly improved and improving in the financial centers of the country, and all that is needed to restore industry and trade to a normal condition is more confidence in the future. At the United States Treasury Department the outlook is considered much better than it was a few days ago. Gold is accumulating in the Treasury vaults, and the drain of that metal to Europe has ceased, at least for the time being. Failures are decreasing in number, and foreign purchases of American products have become more liberal. The money market is easier in some places, and this improvement is expected to become general soon. All conditions taken into account it is accepted with timidity of the kind which mistrusts banks and causes senseless runs on sound institutions.

THE REPUBLICAN ORGANS ARE DOING

what they can to prolong and increase the financial distress due to the bad legislation of their party by trying to throw doubt upon the action of Congress on the Sherman act. There is one matter about which there is no doubt. If thirty-five Republicans in the last House—or even half a dozen of them—had not, solely to 'put Cleveland in a hole,' voted against the bill, the motion to take up the repeal bill, the obnoxious law might have been repealed by the last Congress. It is well to bear this in mind when considering the responsibility for the present condition of things.—N. Y. World.

Guaranteed Cure.

We announce our advertised drug to sell Dr. King's New Discovery for consumption, coughs and colds, upon this condition. If you are afflicted with a cough, and will try King's New Discovery, and will use it faithfully, and experience no benefit, you may return the bottle and have the money refunded. If you cannot make this offer, do not know that Dr. King's New Discovery could be relied on. It never disappoints. Trial bottles free at Durbin, Wright & Co.'s drug store. Large size, 50c and \$1.

Irreformed-made plate gains the right

to be known as "American" tin-plate merely by being dipped in tin in this country, then coffee from Java ought to be ranked as "American" simply because it happens to be ground on this side of the ocean and in an American coffee mill.—Boston Globe.

Work of Heartless Contractors Near Stroudsburg.

LABORERS STARVED TO DEATH.

Driven to Their Work on a Railroad in the Mountains at the Points of Revolvers, Pennsylvania Laws Being Violated by the Employers.

STROUDSBURG, Pa., June 19.—Investigation proves that horrible condition of affairs prevails in Monroe county, on the new building Wilkesbarre, Susquehanna and Western railroad. The work is being done by McCabe, Noble and Strong, contractors. The treatment of their men, Italians, Hungarians and Irishmen, is something terrible.

The men were hired in New York to come to Monroe county, transportation furnished and to be taken out of their earnings. The wages were to be \$1.50 per day, with no stipulation as to hours, the contractors to board the men at \$3.50 per week or 10 cents per day.

Ever since the work of grading and filling for this railroad began in Monroe county, last September, there have been rumors from the mountains where the men were engaged in blasting and excavating of terrible brutality practiced; of dishonest methods whereby the laborers lost their money; of disreputable commercial practices in the management of the commissary; of men left to starve and die. Finally the rumors were proven true by the poor men dragging into Stroudsburg, trying to bring the law down on their oppressors, which proved of no avail. If more was wanted the penniless crowds came in weekly to sell the authorities to help them wring their pittance from the contractors, the men who applied for relief to the directors of the poor; the miserable victims with frozen feet who were housed in an old shed house in this town at the expense of the citizens was evidence and to spare.

The system upon which McCabe, Noble and Strong have operated is in violation of the laws of Pennsylvania, as those laws now stand upon the contract of 20 per cent from the money they monthly payments. Messrs. McCabe, Noble and Strong pay their employees—after deducting their purchases at the commissary department, 50 cents for medical attendance and other extras—on the 20th of every month, and no oftener. Then they retain in hand 20 days' pay of each man. When their unfortunate victim quits work he not only has to invoke the aid of a justice of the peace, but the contractors deduct 20 per cent from the money then due the individual. There are scores of labor unions in Pennsylvania; there are factory inspectors and mine inspectors and other kinds of inspectors, but no one has been stretched forth to even demand by what right this system of employment, payment and usury is conducted.

It can be proved by outside testimony that these men were actually starved to death; that they, and others, were left to perish in the mountains, shivering without fire and unattended, to die with no hand to keep, no arm to save. It can be proven that men were forced at the point of the revolver to work; that there have been murders on the slopes of these mountains who were intended to keep a false pretense of disease when death came from other causes. There are men in these camps yet who can tell of unprovoked assaults; of men who had to flee for their lives; of others who, sick of the tainted putrid food, were forced to lie out at night under the stars because they could not endure the horrible stench and vermin in the habitations which were provided for them, and for which they paid the contractors.

DUNN'S REVIEW OF TRADE.

A Slight Improvement Noted in Some Respects Over Last Week.

NEW YORK, June 17.—R. G. Dunn & Co.'s Weekly Review of Trade says: Concerted action by the banks of New York has changed the situation materially. A very sharp fall in foreign exchange removes the chance of gold export at present, but it is due to foreign purchases of securities rather than to a change in trade balances. Exports in two weeks of June, it is true, are but \$2,700,000, or 15 per cent, below last year, and imports show a small decrease in place of the enormous increase reported for months, but balances are still adverse and likely to be for some time. The decline in prices has led to some increase in the foreign demand for products, but has been followed during 400 last week by an advance of more than 1 cent in wheat, 1 cent in corn, 1 cent in cotton, 1 cent in sugar, 1 cent in flour, 1 cent in lard, 1 cent in tallow, 1 cent in oil, 1 cent in beans, 1 cent in peas, 1 cent in lentils, 1 cent in chickpeas, 1 cent in vetches, 1 cent in clover, 1 cent in alfalfa, 1 cent in hay, 1 cent in straw, 1 cent in wood, 1 cent in coal, 1 cent in iron, 1 cent in steel, 1 cent in copper, 1 cent in brass, 1 cent in zinc, 1 cent in lead, 1 cent in tin, 1 cent in silver, 1 cent in gold, 1 cent in platinum, 1 cent in palladium, 1 cent in rhodium, 1 cent in iridium, 1 cent in osmium, 1 cent in selenium, 1 cent in tellurium, 1 cent in arsenic, 1 cent in antimony, 1 cent in bismuth, 1 cent in mercury, 1 cent in cadmium, 1 cent in cobalt, 1 cent in nickel, 1 cent in manganese, 1 cent in chromium, 1 cent in vanadium, 1 cent in niobium, 1 cent in tantalum, 1 cent in tungsten, 1 cent in molybdenum, 1 cent in rhenium, 1 cent in ruthenium, 1 cent in rhodium, 1 cent in iridium, 1 cent in osmium, 1 cent in selenium, 1 cent in tellurium, 1 cent in arsenic, 1 cent in antimony, 1 cent in bismuth, 1 cent in mercury, 1 cent in cadmium, 1 cent in cobalt, 1 cent in nickel, 1 cent in manganese, 1 cent in chromium, 1 cent in vanadium, 1 cent in tungsten, 1 cent in molybdenum, 1 cent in rhenium, 1 cent in ruthenium, 1 cent in rhodium, 1 cent in iridium, 1 cent in osmium, 1 cent in selenium, 1 cent in tellurium, 1 cent in arsenic, 1 cent in antimony, 1 cent in bismuth, 1 cent in mercury, 1 cent in cadmium, 1 cent in cobalt, 1 cent in nickel, 1 cent in manganese, 1 cent in chromium, 1 cent in vanadium, 1 cent in niobium, 1 cent in tantalum, 1 cent in tungsten, 1 cent in molybdenum, 1 cent in rhenium, 1 cent in ruthenium, 1 cent in rhodium, 1 cent in iridium, 1 cent in osmium, 1 cent in selenium, 1 cent in tellurium, 1 cent in arsenic, 1 cent in antimony, 1 cent in bismuth, 1 cent in mercury, 1 cent in cadmium, 1 cent in cobalt, 1 cent in nickel, 1 cent in manganese, 1 cent in chromium, 1 cent in vanadium, 1 cent in niobium, 1 cent in tantalum, 1 cent in tungsten, 1 cent in molybdenum, 1 cent in rhenium, 1 cent in ruthenium, 1 cent in rhodium, 1 cent in iridium, 1 cent in osmium, 1 cent in selenium, 1 cent in tellurium, 1 cent in arsenic, 1 cent in antimony, 1 cent in bismuth, 1 cent in mercury, 1 cent in cadmium, 1 cent in cobalt, 1 cent in nickel, 1 cent in manganese, 1 cent in chromium, 1 cent in vanadium, 1 cent in niobium, 1 cent in tantalum, 1 cent in tungsten, 1 cent in molybdenum, 1 cent in rhenium, 1 cent in ruthenium, 1 cent in rhodium, 1 cent in iridium, 1 cent in osmium, 1 cent in selenium, 1 cent in tellurium, 1 cent in arsenic, 1 cent in antimony, 1 cent in bismuth, 1 cent in mercury, 1 cent in cadmium, 1 cent in cobalt, 1 cent in nickel, 1 cent in manganese, 1 cent in chromium, 1 cent in vanadium, 1 cent in niobium, 1 cent in tantalum, 1 cent in tungsten, 1 cent in molybdenum, 1 cent in rhenium, 1 cent in ruthenium, 1 cent in rhodium, 1 cent in iridium, 1 cent in osmium, 1 cent in selenium, 1 cent in tellurium, 1 cent in arsenic, 1 cent in antimony, 1 cent in bismuth, 1 cent in mercury, 1 cent in cadmium, 1 cent in cobalt, 1 cent in nickel, 1 cent in manganese, 1 cent in chromium, 1 cent in vanadium, 1 cent in niobium, 1 cent in tantalum, 1 cent in tungsten, 1 cent in molybdenum, 1 cent in rhenium, 1 cent in ruthenium, 1 cent in rhodium, 1 cent in iridium, 1 cent in osmium, 1 cent in selenium, 1 cent in tellurium, 1 cent in arsenic, 1 cent in antimony, 1 cent in bismuth, 1 cent in mercury, 1 cent in cadmium, 1 cent in cobalt, 1 cent in nickel, 1 cent in manganese, 1 cent in chromium, 1 cent in vanadium, 1 cent in niobium, 1 cent in tantalum, 1 cent in tungsten, 1 cent in molybdenum, 1 cent in rhenium, 1 cent in ruthenium, 1 cent in rhodium, 1 cent in iridium, 1 cent in osmium, 1 cent in selenium, 1 cent in tellurium, 1 cent in arsenic, 1 cent in antimony, 1 cent in bismuth, 1 cent in mercury, 1 cent in cadmium, 1 cent in cobalt, 1 cent in nickel, 1 cent in manganese, 1 cent in chromium, 1 cent in vanadium, 1 cent in niobium, 1 cent in tantalum, 1 cent in tungsten, 1 cent in molybdenum, 1 cent in rhenium, 1 cent in ruthenium, 1 cent in rhodium, 1 cent in iridium, 1 cent in osmium, 1 cent in selenium, 1 cent in tellurium, 1 cent in arsenic, 1 cent in antimony, 1 cent in bismuth, 1 cent in mercury, 1 cent in cadmium, 1 cent in cobalt, 1 cent in nickel, 1 cent in manganese, 1 cent in chromium, 1 cent in vanadium, 1 cent in niobium, 1 cent in tantalum, 1 cent in tungsten, 1 cent in molybdenum, 1 cent in rhenium, 1 cent in ruthenium, 1 cent in rhodium, 1 cent in iridium, 1 cent in osmium, 1 cent in selenium, 1 cent in tellurium, 1 cent in arsenic, 1 cent in antimony, 1 cent in bismuth, 1 cent in mercury, 1 cent in cadmium, 1 cent in cobalt, 1 cent in nickel, 1 cent in manganese, 1 cent in chromium, 1 cent in vanadium, 1 cent in niobium, 1 cent in tantalum, 1 cent in tungsten, 1 cent in molybdenum, 1 cent in rhenium, 1 cent in ruthenium, 1 cent in rhodium, 1 cent in iridium, 1 cent in osmium, 1 cent in selenium, 1 cent in tellurium, 1 cent in arsenic, 1 cent in antimony, 1 cent in bismuth, 1 cent in mercury, 1 cent in cadmium, 1 cent in cobalt, 1 cent in nickel, 1 cent in manganese, 1 cent in chromium, 1 cent in vanadium, 1 cent in niobium, 1 cent in tantalum, 1 cent in tungsten, 1 cent in molybdenum, 1 cent in rhenium, 1 cent in ruthenium, 1 cent in rhodium, 1 cent in iridium, 1 cent in osmium, 1 cent in selenium, 1 cent in tellurium, 1 cent in arsenic, 1 cent in antimony, 1 cent in bismuth, 1 cent in mercury, 1 cent in cadmium, 1 cent in cobalt, 1 cent in nickel, 1 cent in manganese, 1 cent in chromium, 1 cent in vanadium, 1 cent in niobium, 1 cent in tantalum, 1 cent in tungsten, 1 cent in molybdenum, 1 cent in rhenium, 1 cent in ruthenium, 1 cent in rhodium, 1 cent in iridium, 1 cent in osmium, 1 cent in selenium, 1 cent in tellurium, 1 cent in arsenic, 1 cent in antimony, 1 cent in bismuth, 1 cent in mercury, 1 cent in cadmium, 1 cent in cobalt, 1 cent in nickel, 1 cent in manganese, 1 cent in chromium, 1 cent in vanadium, 1 cent in niobium, 1 cent in tantalum, 1 cent in tungsten, 1 cent in molybdenum, 1 cent in rhenium, 1 cent in ruthenium, 1 cent in rhodium, 1 cent in iridium, 1 cent in osmium, 1 cent in selenium, 1 cent in tellurium, 1 cent in arsenic, 1 cent in antimony, 1 cent in bismuth, 1 cent in mercury, 1 cent in cadmium, 1 cent in cobalt, 1 cent in nickel, 1 cent in manganese, 1 cent in chromium, 1 cent in vanadium, 1 cent in niobium, 1 cent in tantalum, 1 cent in tungsten, 1 cent in molybdenum, 1 cent in rhenium, 1 cent in ruthenium, 1 cent in rhodium, 1 cent in iridium, 1 cent in osmium, 1 cent in selenium, 1 cent in tellurium, 1 cent in arsenic, 1 cent in antimony, 1 cent in bismuth, 1 cent in mercury, 1 cent in cadmium, 1 cent in cobalt, 1 cent in nickel, 1 cent in manganese, 1 cent in chromium, 1 cent in vanadium, 1 cent in niobium, 1 cent in tantalum, 1 cent in tungsten, 1 cent in molybdenum, 1 cent in rhenium, 1 cent in ruthenium, 1 cent in rhodium, 1 cent in iridium, 1 cent in osmium, 1 cent in selenium, 1 cent in tellurium, 1 cent in arsenic, 1 cent in antimony, 1 cent in bismuth, 1 cent in mercury, 1 cent in cadmium, 1 cent in cobalt, 1 cent in nickel, 1 cent in manganese, 1 cent in chromium, 1 cent in vanadium, 1 cent in niobium, 1 cent in tantalum, 1 cent in tungsten, 1 cent in molybdenum, 1 cent in rhenium, 1 cent in ruthenium, 1 cent in rhodium, 1 cent in iridium, 1 cent in osmium, 1 cent in selenium, 1 cent in tellurium, 1 cent in arsenic, 1 cent in antimony, 1 cent in bismuth, 1 cent in mercury, 1 cent in cadmium, 1 cent in cobalt, 1 cent in nickel, 1 cent in manganese, 1 cent in chromium, 1 cent in vanadium, 1 cent in niobium, 1 cent in tantalum, 1 cent in tungsten, 1 cent in molybdenum, 1 cent in rhenium, 1 cent in ruthenium, 1 cent in rhodium, 1 cent in iridium, 1 cent in osmium, 1 cent in selenium, 1 cent in tellurium, 1 cent in arsenic, 1 cent in antimony, 1 cent in bismuth, 1 cent in mercury, 1 cent in cadmium, 1 cent in cobalt, 1 cent in nickel, 1 cent in manganese, 1 cent in chromium, 1 cent in vanadium, 1 cent in niobium, 1 cent in tantalum, 1 cent in tungsten, 1 cent in molybdenum, 1 cent in rhenium, 1 cent in ruthenium, 1 cent in rhodium, 1 cent in iridium, 1 cent in osmium, 1 cent in selenium, 1 cent in tellurium, 1 cent in arsenic, 1 cent in antimony, 1 cent in bismuth, 1 cent in mercury, 1 cent in cadmium, 1 cent in cobalt, 1 cent in nickel, 1 cent in manganese, 1 cent in chromium, 1 cent in vanadium, 1 cent in niobium, 1 cent in tantalum, 1 cent in tungsten, 1 cent in molybdenum, 1 cent in rhenium, 1 cent in ruthenium, 1 cent in rhodium, 1 cent in iridium, 1 cent in osmium, 1 cent in selenium, 1 cent in tellurium, 1 cent in arsenic, 1 cent in antimony, 1 cent in bismuth, 1 cent in mercury, 1 cent in cadmium, 1 cent in cobalt, 1 cent in nickel, 1 cent in manganese, 1 cent in chromium, 1 cent in vanadium, 1 cent in niobium, 1 cent in tantalum, 1 cent in tungsten, 1 cent in molybdenum, 1 cent in rhenium, 1 cent in ruthenium, 1 cent in rhodium, 1 cent in iridium, 1 cent in osmium, 1 cent in selenium, 1 cent in tellurium, 1 cent in arsenic, 1 cent in antimony, 1 cent in bismuth, 1 cent in mercury, 1 cent in cadmium, 1 cent in cobalt,
